25X1A 1. [] Comment. A large Soviet fuel depot is located in Velten. A Soviet forwarding agency for fuel is located in Frankfurt/Oder which was frequently observed as consignee of fuel shipments.

25X1A 2. [] Comment. Most of the shipments through Frankfurt/Oder, Forst and Horka border crossing stations were included in previous transportations reports furnished by other sources. Bad Schandau and Bad Brambach handle the imports of topped crude oil from Zistersdorf in Austria which amount to a monthly average of 30,000 to 45,000 tons. See []
